## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of the  
Johnson Controls Savings and Investment 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Johnson Controls Savings and Investment 401(k) Plan (the "Plan") as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Johnson Controls Savings and Investment 401(k) Plan as of December 31, 2006 and 2005, and the changes in net assets for the year ended December 31, 2006, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, as listed in the accompanying table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**NOTE 1 – DESCRIPTION OF THE PLAN**

The following description of Johnson Controls Savings and Investment 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document provided to all participants for a more complete description of the Plan’s provisions.

**GENERAL**

The Plan is a defined contribution plan adopted effective August 1, 1974 for participation by eligible employees of Johnson Controls, Inc. (the “Company” or “employer”) and selected subsidiaries as designated by the Company’s Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is administered by the Employee Benefits Policy Committee appointed by the Company.

Effective July 2006, the York International Corporation Retirement Savings Plan was merged into the Plan. Included in the transfers from other plans is \$261,601,159 representing participant balances previously held in the York International Corporation Retirement Savings Plan.

Effective July 2006, the USI Companies, Inc. 401(k) Profit Sharing Plan was merged into the Plan. Included in the transfers from other plans is \$9,180,603 representing participant balances previously held in the USI Companies, Inc. 401(k) Profit Sharing Plan.

Effective December 31, 2005, the Johnson Controls Interiors PERT Retirement Savings Plan was merged into the Plan. Included in transfers from other plans is \$366,204,013 representing participant balances previously held in the Johnson Controls Interiors PERT Retirement Savings Plan.

**CONTRIBUTIONS**

Participants can designate an amount up to twenty-five percent (25%) of their gross annual compensation as contributions of which the first six percent (6%) is eligible for the employer’s matching contribution. Certain employee groups may be eligible to receive a Company matching contribution which includes a minimum match of fifty percent (50%) with up to an additional 50% that’s variable and based on year-over-year pretax income growth. Effective January 1, 2006, the Plan was amended to allow certain employee groups eligibility to receive a Retirement Income Contributions ranging from one to seven percent of eligible compensation, based on participant’s age plus years of service as of December 31 of the preceding year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant contributions are deposited in the investment programs of their choice. Participant contribution balances may be reallocated by participants among the investment programs at any time in increments of one percent. However, participants can reallocate deposits out of the Fixed Income Fund no more than once each calendar quarter in order to maximize the rate of return for that fund.

**NOTE 1 – DESCRIPTION OF THE PLAN (continued)**

**CONTRIBUTIONS (continued)**

Participants are immediately vested in their contributions plus actual earnings / (losses) thereon. A participant's interest in employer contributions including increases and decreases in value, vests at the rate of twenty percent (20%) per year for each year of employment with the Company, fully vesting after 5 years of service.

Participants merged from the York International Corporation Retirement Savings Plan became 100% vested in the Retirement Income Contributions in their accounts as of December 31, 2005. For participants merged from York International Corporation Retirement Savings Plan who have earned 3 years of service for vesting purposes as of December 31, 2005, Retirement Income Contributions made after December 31, 2005 shall be 100% vested.

Participants merged from the Johnson Controls Interiors PERT Retirement Savings Plan continue to vest based on the schedule of 7 years for all employer non-matching contributions received for plan years including and prior to the merger effective December 31, 2005. Subsequent to the merger, employer contributions will vest at a rate of twenty percent per year.

If employment terminates other than by reason of retirement, death or total and permanent disability and the participant is not reemployed by the Company or its affiliates within 72 months of that date, the participant's interest in the nonvested portion of the employer contributions may be applied to reduce future employer contributions under the Plan.

**PARTICIPANT ACCOUNTS**

Participant recordkeeping is performed by Fidelity Investments Institutional Retirement Services Company ("Fidelity").

As of December 31, 2006 and 2005, plan assets of \$722,576,416 and \$560,159,356, respectively, have been allocated to the accounts of persons who are no longer active participants of the Plan, but who have not yet received distributions as of that date.

**PARTICIPANT LOANS**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their account balance, whichever is less. Loans are subject to certain limitations based on the plan document. Only two loans may be outstanding at any time. Each loan may be for a term up to 5 years. Regular payroll deductions are required to repay a loan. The loan will bear interest at a reasonable rate on the basis of rates charged by commercial lenders at the loan's inception. Loans must be repaid in full at the time of retirement or termination.

**ADMINISTRATIVE EXPENSES**

Administrative expenses are paid by the Plan, as allowed by plan provisions, with all remaining expenses paid by the Company.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**BASIS OF PRESENTATION**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**SAVINGS AND INVESTMENT MASTER TRUST**

All investments and participant loans of the Plan are included under a master trust arrangement, the Johnson Controls, Inc. Savings and Investment Master Trust ("Master Trust"), trustee by Fidelity. All investments of the Master Trust, except the investment in the Johnson Controls Common Stock Fund, U.S. Equity Index Commingled Pool and the Fixed Income Fund, are stated at market value, based on quoted market prices. The fair value of the investments in the Johnson Controls Common Stock Fund and U.S. Equity Index Commingled Pool reflects a unit value computed daily based on the share price and the value of the fund's short-term investments. The guaranteed investment contracts within the Fixed Income Fund are stated at contract value, which approximates fair value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals.

At December 31, 2006 and 2005, the Plan held 5,448,064 units and 6,148,714 units, respectively, of the JCI Common Stock Fund at unit values of \$179.04 and \$152.38, respectively, and as of the same dates, 5,700,127 units and 5,616,375 units, respectively, of the U.S. Equity Index Commingled Pool at unit values of \$45.41 and \$39.24, respectively.

Investment income of the Master Trust is allocated among the participating plans daily based on the plans' relative equity interests in each of the Master Trust's investment programs as of the beginning of the applicable day. Interest income and share price appreciation or depreciation are recorded daily by each of the applicable investment programs. Dividend income is recorded either quarterly or semi-annually, depending on the investment program.

The Statements of Financial Position as of December 31, 2006 and 2005 and the Statement of Operations and Changes in Participating Plans' Equity for the year ended December 31, 2006 for the Master Trust are presented in Note 8.

The Plan had approximately a 91% interest and a 92% interest in the assets of the Master Trust at December 31, 2006 and 2005, respectively.

At December 31, 2006 and 2005, forfeitures of \$3,356,517 and \$3,161,814, respectively related to the Plan, were in the Master Trust.

**USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**NOTE 4 - TAX STATUS**

The Internal Revenue Service has determined and informed the Company by a letter dated September 6, 1995, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

**NOTE 5 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

**NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS**

Transactions involving Johnson Controls Common Stock Fund, participant loans and the funds administered by Fidelity, trustee of the Plan, are considered party-in-interest transactions. These transactions are not however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

**NOTE 7- RISKS AND UNCERTAINTIES**

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
